---

## **Worship under care of Friends Meeting at Cambridge in other locations**

Sundays at 10:00 South Shore Preparative Meeting, 86 Turkey Hill Lane, Hingham

Sundays at 10:30 Brookhaven Worship Group, 1010 Waltham Street, Lexington

---

### **New Members Tea**

11:45a Sunday May 11

Please join us at the rise of meeting for tea and refreshments for conversation with our new members.

### **Mothers' Day Walk for Peace** 7 a Sunday May 11

Please join First Day School and Youth Programs Cmte in supporting this Louis D Brown Peace Institute annual event. This organization works with families who are suffering from youth violence in Boston. We are hoping to get a good contingent of folks to represent the Meeting on the walk, which will start at 8 am on Sunday May 11. We will meet at the meeting house at 7 am and journey down together via public transport, and we will plan to return by the rise of Meeting. There will be no FDS classes that day, but there will be all-ages childcare.

Lynn Lazar, Priscilla Ewen, or Rebecca Grunko

### **Our Worship Experience** 7:30p Monday May 12

Ellie Kobek will lead us in considering the question of individual leadings and community discernment. We welcome anyone interested in discussion and worship in a more intimate setting. Please join us in the committee room at 7:30. Refreshments.

For more information contact Jessie Brown, (781) 643-1023.

### **Connecting Food and Climate Change** 1 p Sunday May 11

Local food potluck at noon followed by the talk.

Molly Anderson is a member of FMC and an international leader in food systems sustainability. With many insights to share from her most recent activities, Molly will focus on [food security & environmental change](#), a conference, linking food issues with major environmental disruptions, especially in terms of who will be able to enjoy food security and what enables that in a time of increasing environmental changes. Sponsored by CRJ and CQEW.

### **the big chill**

Your refrigerator can account for 15 percent of your home's energy use. Tame it by setting it for maximum efficiency (typically, 0 to 5 degrees Fahrenheit for the freezer, 37 to 40 degrees for the cooler compartment), or just using the economy switch.

### **Help needed in the office**

Susan Furry is presently unable to staff the FMC office. We are working to keep the office open from 12:00 to 5:00 Monday through Friday. If you are able to volunteer assistance during those times, or have specific skills for bulletins or announcement sheets, please call 617-876-6883 and/or call Bill Satterthwaite at 978-369-2365.
